

Name: Mike Fettes

Class of works: I am writing in support of Class #1 (Copy-Protected CDs):  
Sound recordings released on compact disc ("CDs") that are protected by  
technological protection measures that malfunction so as to prevent access on  
certain playback devices.

Summary:

Disc name: More Fast & Furious: Music from and inspired by the movie

I bought the CD, Fast & Furious, online through CD Now. I was unaware that it  
was copy protected and thus unable to play from my PC's hard drive. Being able  
to play CD's from computer memory is important to me, not only for the  
convenience of easily selecting a particular track, but also because it allows  
me to keep the CD out of harm's way. Contacting the distributor of the CD  
resulted in their telling me to return it for a refund; but that would have  
cost me additional time and money.
